\*\*\* HIS Book, before the Au-  
 \*\*\* thor ventured to make it  
 \*\*\* T \*\*\* public, was presented to the  
 \*\*\* Court of Common Sense,  
 and read by their Secretary.

That august and venerable Body seemed  
 at first surpris'd at the Name of *Gaming*  
 (which Common Sense ever abhorred);  
 but when they found it was a Scheme  
 to answer several salutary Purposes in  
 Life, and not designed to promote  
 Thieving and cutting of Throats, as  
 Gaming hitherto had done, they re-  
 ceived the Author into their Favour,  
 and gave him the following Approba-  
 tion of his Work, as a Testimony of  
 their Respect and Esteem.
